

How to Pitch

Pitch your unit / tent on the left hand side when facing your pitch

Awnings (if you have one) goes on the gravel or grass, depending upon your pitch type

Cars go on right hand side when facing pitch

Please park touring caravans with the tow bar at the front of the pitch. The instructions here may not suit European vehicles - please ask a member of the team if in doubt. If you have any issues, please let a member of the team know your pitch number, which is displayed on a coloured sign.
