

Who We Are

About Us

We are a family run business. We have ran Appin Holiday Homes for the last twenty years & are excited to start in the touring park industry.

Want to explore the West Coast? We have you covered.

Our park is located in Appin, Argyll... Scotland's best kept secret. A stunning corner of Scotland we are a short drive from:

- Oban – a tourist town 20 minutes away. Home of the Oban Distillery and McCaigs tower.
- Glencoe – one of the most spectacular places in Britain, home to the Aonach Eagach ridge, the Three Sisters & Ossian's Cave.
- Fort William – the center for hillwalking and climbing in Scotland. Britain's highest peak, Ben Nevis is found here.

Appin, Argyll, Scotland.

Plots #4 and 5 looking out over Loch Creran

Seven hard standing plots

Where will you be staying?

Each plot is numbered with an electrical/water hook-up. Every plot has great views onto the water of Loch Creran and up the glen towards Ben Sgulaire. We are located in a government “area of scenic beauty” and you can see why!

How much per night?

We charge £15 per night for motorhomes and caravans to stay on our site. This includes hook-up.

“Nice lovely site and a lovely warm welcome too. We will definitely be back again thank you!”

Enjoy the outdoors?

Glasdrum Nature Reserve sits at the foot of Loch Creran, an internationally important atlantic oakwood forest classified as both a Special Area of Conservation and a Site of Special Scientific Interest.

Want to relax?

No problem! Take in the scenery from the comfort of your plot with seating & fire pits available on the beach.

Entrance onto the beach

Loch Creran is one of only two sea lochs in the world which holds Horse Shore Mussels and Serpulid Worms making it an area of great scientific interest.

Want to explore the area by bike?

Bicycle hire is available on site! We have mountain bikes that can be used to explore the area via the Caledonian Way. The cycle track will take you right to the door of the Clachaig Inn in Glencoe, Castle Stalker or the Sea Life Center.

Extremely scenic the track has been in development for a number of years and links Campbeltown to Inverness.
