Escaping the hustle & bustle

Sawpits wagon is the perfect escape with views of the countryside at every angle and is a ten minutes walk from anything else on the estate apart from the odd deer or two so you can enjoy total tranquility.

The wagon itself has plenty of space for two, with a cozy double bed, a relaxed seating area, room to dine inside (we know the British weather!) and a small gas hob, grill, sink and fridge. When the weather is in your favour you can enjoy a glass of wine on the raised decking outside your door or cook around the campfire.

You will find your own private 'loo with a view' just tucked behind in the wagon alongside a hot shower.

But don't just take our word for it...

Sawpit Wagon was fantastic! A beautiful secluded spot! (Anna 2018)

This was our first ever glamping experience, and boy was it a good one! It's such a beautiful secluded spot. You feel like you've got your own private 'secret garden' with everything you would need. I would highly recommend to anyone! A perfect little escape from it all.
